

WHAT

CORONAVIRUS

Many

people

around the world

are sick.

They

have

a new illness

called the coronavirus.

The coronavirus spreads from person to person.

Anyone can get the coronavirus.

The coronavirus gives people fevers and coughs.

The coronavirus spreads quickly.

Doctors around the world are working together.

They are working to stop the spread now.

You can help stop the spread too.

Wash

your

hands

often.

Call a doctor when you feel sick. *

* See this week's News-2-You Extension Activity for more things you can do.

world

coronavirus

recipe page

1. Put tea, drink mix and cinnamon into jar.

2. Screw lid onto jar.
Shake until mixed.

recipe page

3. Put 2 - 3 teaspoons of mixture into mug.

4. Put hot water into mug. Stir.
