

Now you have a list of
things you need it is time

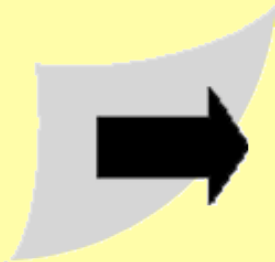

to go to  .

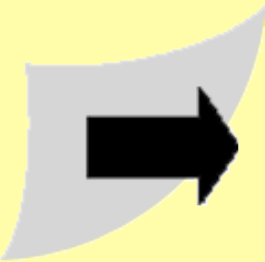

When it is time to go to

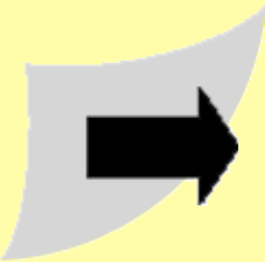

,

Walk to the car.

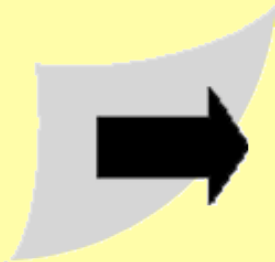

Get on the car and sit in your seat.

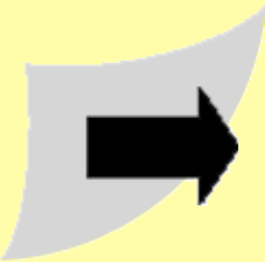

When you get to

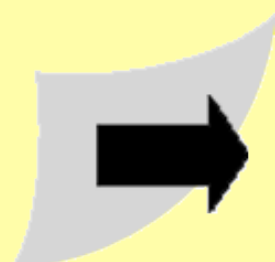

,

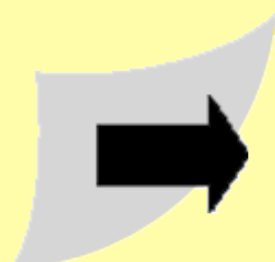

Get out of the car.

Walk into

Get a cart.

When the cashier is finished
scanning your items she will tell
you how much it costs.
Then you will have to pay for it.

Students will have “dollar bills” to complete following tasks

Your groceries cost

\$8.62

How much do you give the cashier?

\$8.62

 **8**  **+** **1**  
8 dollars plus 1 dollar more.

Count out the correct amount.

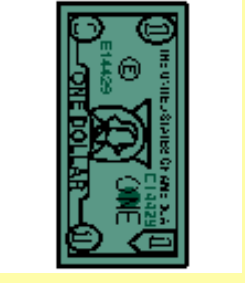

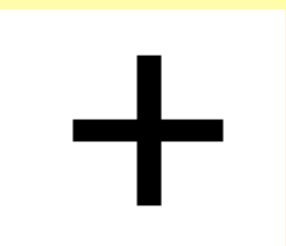

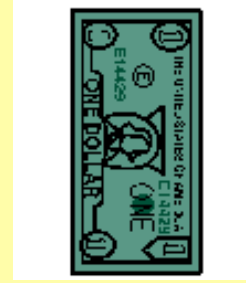

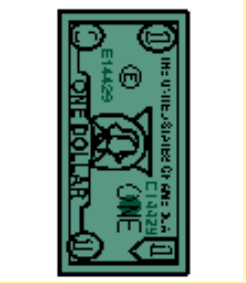

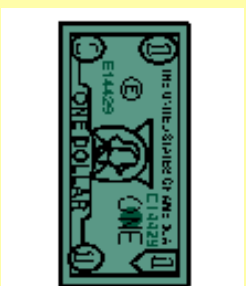

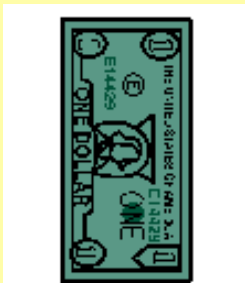

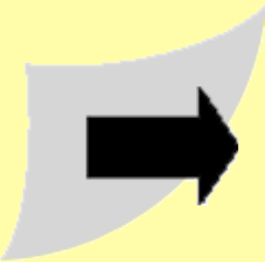

Now you try it.

Your groceries cost

\$3.42

How much do you give the cashier?

Your groceries cost

\$7.73

How much do you give the cashier?

Your groceries cost

\$4.41

How much do you give the cashier?

Your groceries cost

\$2.53

How much do you give the cashier?

Your groceries cost

\$5.25

How much do you give the cashier?

Good job, now go back
and pay the cashier.
